## *Eliezer's Faces Persecution & Prison*

When he returned to Jerusalem after marrying Deborah's younger sister Eliezer followed all the religious practices but was not popular with the Rabbis. The Orthodox community attacked him so he distanced himself from the religious bodies attacking them for misappropriation of funds. His enemies then had an article purposely mistranslated to appear that he was calling for an army to rise up against the Ottoman Empire so he was arrested and charged with conspiracy & sentenced to a year in prison. He was released after much bribery by the Jewish community and other intervention but a ban on his Newspaper lasted one year. During that year he intensified the production of his Hebrew Dictionary that he had started in Paris and subsequently he published word lists in his Newspaper to help those who needed to expand their knowledge of the Hebrew.
